PAX A920 Pro Quick Setup Guide

What's in the box?

1. Charging Base
2. PAX A920 Pro
3. USB Charging Cable
4. Power Supply
5. Receipt Rolls
6. Window Decals

Getting Started

Connect the USB Charging cable to the power supply, and plug the USB cable into the charging base in the port shown:

Power On/Off

Sit the PAX A920 Pro terminal in the charging base, and power on the device by pressing the power button for 3 seconds. The power button is located on the right side of the terminal.

For SIM connection:

The terminal will automatically connect to the best mobile network available.

To connect to your WiFi network:

1. Tap the ☰ Menu icon located at the top left-hand corner of the screen.
2. From the menu, choose the "Administrator" option and enter the password "123456."
3. Select the "WiFi Settings" option.
4. When prompted for a password, press "Submit."
5. Choose "Connect to WiFi."
6. From the list of available WiFi networks, select the correct network.
7. Enter the WiFi password for the selected network.
8. Tap the ◀ back icon to return to the previous menu.
9. Continue selecting "back" until you reach the main screen.

Once you have completed these steps, a symbol ▼ indicating a successful WiFi connection will appear at the top of the display.
